## MINES PREFERRED ASSOCIATE

---

### THE PINACLE OF PARTNERSHIP

It is by no coincidence that golf has long been a sport associated with success. Some may see a golf course as a mere green land, but the Mines Resort & Golf Club sees it as 246 acres of branding opportunities.

If one has to define success, it will most probably include teeing off at a course where fast emerald green is a given. And a magnificent lake sleeps gently along the course is a wonder kept awake.

Have your brand soar as a Mines Preferred Associate.
